

# Demi Lovato - Lonely (feat. Lil Wayne)

Tom: **D**

(forma dos acordes no tom de **C** )

Capostrate na 2ª casa

He felt just like you

His arms, his lips, his promises

Were just as smooth

His grip, it fit though I admit that only you

Could make me feel the way you do

Though you know love is blind

And he just caught my eye

You know me

And honestly I'm better without ya

Don't you got me checking on my phone by the hour

Baby, I'm hoping and praying

My knees weak, I'm shaking

'Cause you know that I always needed saving

Now I'm fucking lonely

And you didn't want me

Trying to show me that you didn't own me

But all you do is leave me fucking lonely

Knees on the concrete

Cut up and bleeding for no Goddamn reason

But all you do is leave me fucking lonely

Leave me fucking lonely

Leave me fucking lonely

Leave me fucking lonely

The month was June

The smoky sun, our fatal run

It ended too soon

With tears and proof

'Cause all the carpets stained with juice

Blood on my shoes

And you know love is blind

I can see it in your eyes

You know me

And honestly I'm better without ya

Don't you got me checking on my phone by the hour

Baby, I'm hoping and praying

My knees weak, I'm shaking

'Cause you know that I always needed saving

Now I'm fucking lonely

And you didn't want me

Trying to show me that you didn't own me

But all you do is leave me fucking lonely

Knees on the concrete

Cut up and bleeding for no Goddamn reason

But all you do is leave me fucking lonely

Leave me fucking lonely

Leave me fucking lonely

Leave me fucking lonely

Bitch, can't even say I miss you back over the fuckin' text

Every time you slept over my pad, you over fuckin' slept

Toni Braxton told me to breathe again, don't hold no fuckin' breath

Gave your ass directions to my heart, and your ass busted left

Climbin' up the money tree, the tree without the lover's nest

'Cause lovebirds are some busy bees, you fuck around, you stung again

And you didn't leave in your underwear 'cause she didn't arrive in no underwear

Look, baby, even lovers burn to nothin', that be clear

I can't see the forest from the tree, the water from the sea

And I was starting to believe, but it's a forest full of dreams

I smoke bars full of weed, and call it what I see

And when you leave, I hope you know you bring this forest to his leaves

I'm fucking lonely

Leave me fucking lonely

Leave me fucking lonely

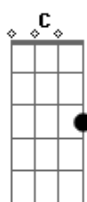

Leave me fucking lonely

Leave me fucking lonely
