

## **Demi Lovato - Me, Myself And Time**

```
Tom: G
I can make the rain stop, if I wanna
Just by my attitude
I can take my laptop, record a snapshot
And change your point of view
I just entered this brand new world
And I'm so open hearted
I know I've got a long way to go
but I'm , I'm just getting started
(refrão)
I'm over my head and
I know it, I know it
   Fm
I'm doin' my best
Not to show it, to show it
Whatever it takes to be
What I was meant to be
Em D I'm gonna try
'Cause I'm Living the dream \,
And I know it, I know it
I'm trying my best
       D
Not to blow it, to blow it
And I know everything will be fine \begin{tabular}{c|c} Em & D & G \end{tabular}
With me, myself, and time
C Em D
And time... (7x)
I go where life takes me
but some days it makes \ensuremath{\mathsf{me}}
              D
Want to change my direction
Sometimes it gets lonely but I know Em D
that it's only a matter of mind perception
I just entered this brand new world
(\overline{C}) And I'm so open hearted
I know I've got a long way to go
but I'm , I'm just getting started
(refrão)

With me, myself, and time
And maybe there's nothing like this moment
So just be real and let the truth be spoken
Whatever's broke I can make it unbroken
Turn the lead in my hand and the stars stand golden
Just try, more love
    Am C
If I just try, more love
                D
Then I'll find myself in time
\ensuremath{\mbox{I'm}} over my head and
I know it, I know it
I'm doin' my best
       D
Not to show it, to show it
Whatever it takes to be
What I was meant to be
 I'm gonna try
(refrão)
