Demi Lovato - Me, Myself And Time

Tom: G

```
      G             C            Em
I can make the rain stop, if I wanna
                        D
Just by my attitude
G               C            Em
I can take my laptop, record a snapshot
                      D
And change your point of view

Am                               C
I just entered this brand new world
( C )
And I'm so open hearted
Am
I know I've got a long way to go
      D
but I'm , I'm just getting started
```

(refrão)
```
        G
I'm over my head and
     C
I know it, I know it
             Em
I'm doin' my best
         D
Not to show it, to show it
      G
Whatever it takes to be
C
What I was meant to be
Em           D
    I'm gonna try
              G
'Cause I'm Living the dream
        C
And I know it, I know it
            Em
I'm trying my best
        D
Not to blow it, to blow it
      G              C
And I know everything will be fine
      Em   D      G
With me, myself, and time
```

```
C       Em       D
And time... (7x)
```

```
G                   C
   I go where life takes me
                         Em
but some days it makes me
           D
Want to change my direction
   G                 C
Sometimes it gets lonely but I know
            Em              D
that it's only a matter of mind perception
```

```
Am                               C
I just entered this brand new world
( C )
And I'm so open hearted

    I'm gonna try
              G
'Cause I'm Living the dream
        C
And I know it, I know it
            Em
I'm trying my best
        D
Not to blow it, to blow it
      G              C
And I know everything will be fine
      Em   D      G
With me, myself, and time
(Ponte)
Am                          C
And maybe there's nothing like this moment
Am                           C
So just be real and let the truth be spoken
Am                         C
Whatever's broke I can make it unbroken
              G                       D
Turn the lead in my hand and the stars stand golden

Am         C
Just try, more love
       Am       C
If I just try, more love
          Em    D        ( D )
Then I'll find myself in time
```

```
         G
I'm over my head and
     C
I know it, I know it
             Em
I'm doin' my best
         D
Not to show it, to show it
      G
Whatever it takes to be

What I was meant to be
Em           D
