

Demi Lovato - Only Forever

```
Intro: Abm B E Dbm
                                                            Just let me know how long
I've been thinking 'bout the future
                                                            You know when we get close
And I've been thinking 'bout the now
                                                            Can't deny the tension between us both
                                                            And I don't wanna pressure you, but I think you need to make a
I know we're gonna be together
I just don't know how
                                                            Abm
                                                            I've been waiting (I've been waiting)
You know when we get close
                                                            And I'll keep waiting (I'll keep waiting)
Can't deny the tension between us both
                                                                   Abm
And I don't wanna pressure you, but I think you need to make a Only forever, only forever, only forever, only forever
                                                                                                      Dbm
                                                             Only forever, only forever, only forever, only forever
I've been waiting (I've been waiting)
                                                            Abm
                                                            What if I told you it's too late?
And I'll keep waiting (I'll keep waiting)
                                                            What if I say that I can't wait?
Only forever, only forever, only forever
                                                            What if I meet somebody else who doesn't leave me on a shelf?
Only forever, only forever, only forever
                                                            I'll give you one more chance, but it only lasts
Yeah, I can tell that you're terrified to take a shot this
                                                            Only forever, only forever, only forever
strong
Should I wait up for you day and night?
                                                            Only forever, only forever, only forever
```
