

Demi Lovato - Ruin The Friendship

```
Tom: B
                                                               You're only brave in the moonlight
 (forma dos acordes no tom de G )
                                                               So why don't you stay till sunrise?
Capostraste na 4ª casa
           Em
                                                               Your body's looking good tonight
Put down your cigar and pick me up (pick me up)
                                                               I'm thinking we should cross the line
Play me your guitar, that song I love (song I love)
                                                               Let's ruin the friendship, let's ruin the friendship
Thirsty for your love, fill up my cup (up my cup)
                                                               Do all the things on our minds
I got only good intentions, so give me your attention
                                                               What's taking us all this time
You're only brave in the moonlight
                                                               Let's ruin the friendship, let's ruin the friendship
So why don't you stay till sunrise?
                                                               (C Am Em D)
Your body's looking good tonight
                                                               No, I can't keep denying every minute I think of you
I'm thinking we should cross the line
                                                               No, I can't keep denying every minute I think of you
Let's ruin the friendship, let's ruin the friendship
                                                               No, I can't keep denying every minute I think of you
Do all the things on our minds
                                                               No, I can't keep denying every minute I think of you
What's taking us all this time
                                                               Your body's looking good tonight
Let's ruin the friendship, let's ruin the friendship
                                                               I'm thinking we should cross the line
( C Am Em D )
                                                               Let's ruin the friendship, let's ruin the friendship
                                                                                C
Baby, you and I got history (history)
                                                               Do all the things on our minds
And we can't deny our chemistry (chemistry)
                                                               What's taking us all this time
So why the fuck are we a mystery? (mystery)
                                                               Let's ruin the friendship, let's ruin the friendship
Let's just go with the connection, give me your affection
                                                               ( C Am Em D )
```
