Tom: **G**
Intro: **G D C C**

[Verse I]

You **G** pull my strings, and push my soul
You **D** fool my heart with every note

You **C** make me move, then cut the base
And you **C** work so hard to get me, just to let me go **D**
Yeah you **C** put me in the spotlight, just to steal the show **D**
And you **C** try to take me home like you're domyshio, oh
It's **C** such a joke

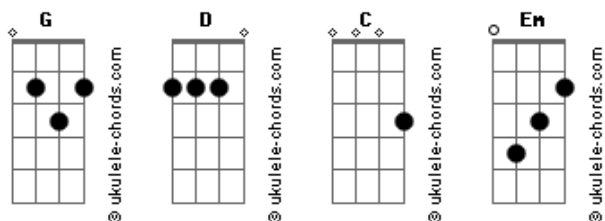

[Chorus]

G
Why are you singing me love songs **D**
C
We're good as a love song, we're good as a love song without the love
Why are you singing me love songs
G
We're good as a love song, we're good as a love song without the love
