

Depeche Mode - Fragile Tension

Tom: B

(intro) Abm

There's a fragile tension
That's keeping us going
It may not last forever
But oh, when it's flowing
There's something magical in the air
(fill) Dbm Gb

Something so tragic we have to care
(fill) Dbm Gb Abm

There's a strange obsession
That's drawing us nearer
We don't understand it
It never gets clearer
There's something mystical in our genes
(fill) Dbm Gb

So simplistic it kicks and screams
(fill) Dbm Gb

Oh when we're teetering
On the edge of collapse
Nothing can keep us down
There's a dizzying feeling

That's keeping us flying
Through glittering gardens
Without even trying
There's something radical in our hands
(fill) Dbm Gb

Nothing logical to our plans
(fill) Dbm Gb

(Abm)

(tablatura)
(verse)

(also, at regular intervals through the verse, Mart plays this tiny riff, with or without at different points)
(chorus)
(the chorus chord progression is the same as the verse progression; the chords are played distortion by sweeping up from the top string to the bottom string)

(bridge)

The bridge sounds like it's just Gb over and over again

Gb

```

E|----2--|
B|----2--|
G|----3--|
D|----4--|
A|----4--|
E|----2--|
    
```

(synthuitar Duel Solo)

(this call/answer solo is pretty much the same as the verse fill. The only thing that is the synth. The guitar just answers twice with this)

Acordes
