

Depeche Mode - Goodnight Lovers

Tom: **E**

E **A** **E** **A**
 Here, somewhere in the heart of me
Dbm **Gbm**
 There is still a part of me
B7sus2 **B**
 That cares
E **A** **E** **A**
 And i'll, I'll still take the best you've got
Dbm **Gbm**
 Even though I'm sure it's not
B7sus2 **B**
 The best for me

A **B**
 When you're born a lover
Dbm **Ab**
 You're born to suffer
Gbm
 Like all soul sisters
Am **E** **A**
 And soul brothers

I, I can see the danger signs
 They only help to underline
 Your beauty

I'm not looking for an easy ride
 True happiness cannot be tried
 So easily

When you're born a lover
 You're born to suffer
 Like all soul sisters
 And soul brothers

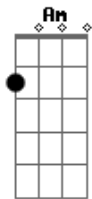

Like all soul sisters
 And soul brothers

A **Am**
 You can take your time
E **Dbm**
 I'll be waiting in line
Gbm
 You don't even have to give me
B
 The time of day

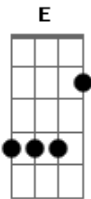

When you're born a lover
 You're born to suffer
 Like all soul sisters
 And soul brothers

Like all soul sisters
 And soul brothers
