

# Depeche Mode - Sun The Rainfall

Tom: **C**

**Em**                      **G**  
Someone will call  
                         **Am**  
Something will fall  
                         **C**  
And smash on the floor

Without reading the text  
Know what comes next  
Seen it before

And it's painful

**G**  
Things must change  
**Bm**                      **G**  
We must rearrange them  
**Em**                      **C**                      **Am**  
Or we'll have to estrange them  
**Em**  
All that I'm saying  
                         **G**  
The game's not worth playing  
**Am**                      **C**  
Over and over again

## Acordes
