

# Éder Rios - Natal, feliz natal!

tom:

C

Natal, feliz Natal! No céu de Belém

Uma luz que surgiu fez vibrar, lá no além

A voz de querubins em sons divinais

Que do céu proclamou salvação aos mortais

A paz então reinou em, céu, terra e mar

Ao descer sobre o rei uma luz tutelar

A luz do salvador brilhou mais e mais

E guiou a Seus pés nobres reis orientais

Naatal, feliz natal

Nataal, Nata

Eis que nasceu nosso rei divinal

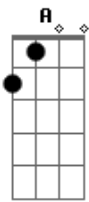

Naatal, feliz natal

Nataal, Nata

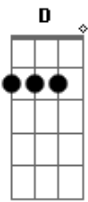

Eis que nasceu nosso rei divinal

Ele é o nosso Rei! DI VI NAAL
