

Dermot Kennedy - An Evening I Will Not Forget

tom:
 Am
 When love was found
 G
 I kept my hope just like I'd hoped to
 Am G F
 Then sang to the sea for feelings deep blue
 C
 And coming down
 G
 And we've had problems that we've grown through
 Am G F
 But I bet you dream of what you could do
 F G Am
 At seventeen, I was alright
 F G Am
 Was like nothing I could feel inside
 F G Am F G
 And wishing you were here tonight is like holding on
 F G Am
 But I still get to see your face, right?
 F G Am
 And that's like nothing they can take, right?
 F G
 So there won't be no feeling in the firelight
 Am
 Hoping this'll be right
 F G Am
 Time to show your worth, child
 F
 I remember when her heart broke over stubborn shit
 G
 That's no way to be living kid
 Am
 The angel of death is ruthless
 F
 And I'm always thinking summertime with the bikes out
 G
 Pushing our luck, getting wiped out
 Am
 Days with nothing but laughing loud
 F
 Underneath my coat, won't you tap my shoulder, hold my hand
 G
 Nights with nothing but dark in there
 Am
 You could be my armor then
 F
 Island smiles and cardigans
 G
 The nights that we've been drinking in
 Am
 We're here to help you kill all

of this hurt that you've been harboring
 F
 Confessions should be better planned
 G
 Alone, that night, I'm surely damned
 Am
 Run away, I'll understand
 F
 What's important is this evening I will not forget
 G
 Purple, blue, orange, red
 Am
 These colors of feeling
 Give me love, I'll put my heart in it
 F
 And I think about it all the time
 G
 Lights went out, you were fine
 Am
 You kinda struggle not to shine
 F G
 I still love you, though
 G
 I still love you, though
 Am
 I still love you always
 F
 So hold me when I'm home
 G
 Keep the evenings long
 Am
 Crack and break and part ways
 F
 I still love you, though
 G
 I still love you, though
 Am
 I still love you always
 F
 So hold me when I'm home
 G
 Keep the evenings long
 Am
 Let's not crack and break and part ways
 F G Am
 And I wonder if I could let her down
 (F G Am)
 (F G Am)
 (F G Am)
 (F G Am)
 F G Am
 It's for real, it's for real
 F G Am
 It's for real, it's for real
