

Dermot Kennedy - Moments Passed?

Tom: F

F
Maybe it's all down to the thought of her
G
Maybe it's all down to the loss we learned
F
Knew for a long time, for all it's worth
Am
I wanted to run to you
F
What if I'm caught up on it's me you're calling
G
What if I'm lost now, plus if demons come in
F
G
When she kissed me I felt a new freedom or something (well)
Am F
Move on

F
G
I found a moment to be brave, so I let her know

And she said: How could I love you back
F
You who dropped your dreams in the gutter

In my winter, she'll be burning slow
G
Feels like December knows me well

Am F G Am
'Cause I loved ya
F
Does that mean nothing to you now?
F G Am
I loved ya
F G Am
Get me back on homely ground
F
G Am
She said: Oh I know that love is all about the wind
F
G Am
How it can hold me up and kill me in the end
F G Am
Still I loved it
F Em
Does that mean nothing to you now?

F
Days when we all watched 'till we lost the birds
G
Threw a rose in, 'till it caught the turn
F
Knew it felt right, we were bound to burn
G C
I wanted to run to you
F
G
Maybe I've lost count of the rooms you're tall in
C

Maybe I've lost count of the nighttime all ins

So the trees and her were first to know

It'll all be good, just hold me well

Am F G Am
'Cause I loved ya

I loved ya

Wasn't easy to go, I know

Am G
I know, I know
F Am
