tom:

Intro: F C G Am  
F C G Am

Don't tell me this is all for nothin' F C  
I can only tell you one thing G Am  
On the nights you feel outnumbered F C  
Baby, I'll be out there somewhere G Am  
I see everything you can be F C  
I see the beauty that you can't see G Am  
On the nights you feel outnumbered F C  
Baby, I'll be out there somewhere G Am

F C  
I could've showed you all the scars at the start  
But that was always the most difficult part G Am  
See I'm in love with how your soul's a mix of chaos and art F C  
And how you never try to keep 'em apart (yeah) G Am  
F C  
I wrote some words and then I stared at my feet  
Became a coward when I needed to speak G Am  
I guess love took on a different kind of meaning for me F C  
So when I go, just know it kills me to leave G Am

F C  
To all the stars that light the road  
Don't ever leave that girl so cold G Am  
F C  
Never let me down, just lead me home G Am

Don't tell me this is all for nothin' F C  
I can only tell you one thing G Am  
On the nights you feel outnumbered F C  
Baby, I'll be out there somewhere G Am  
I see everything you can be F C  
I see the beauty that you can't see G Am  
On the nights you feel outnumbered F C  
Baby, I'll be out there somewhere G Am

( F C G Am )

F C  
But there's beauty here that's yet to depart  
There's still a song inside the halls in the dark (halls in the dark) G Am  
F C

## Acordes

I'll come for you if you just stay where you are  
And I'll always hold your hand in the car (hand in the car) G Am  
F C  
There'll be days when it's difficult  
But I ask you to never leave behind the reciprocal, we're G Am  
past that F C  
Love is not designed for the cynical  
So we have that G  
We can have that Am

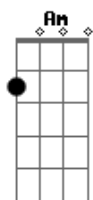

F C  
To all the stars that light the road

F C  
Never let me down, just lead me home G Am

Don't tell me this is all for nothin' F C  
I can only tell you one thing G Am  
On the nights you feel outnumbered F C

I see everything you can be F C  
I see the beauty that you can't see G Am
