Intro:

I lost the gloves that my mother gave to me

While on my ways to the make believe sea

And I lost the rings that my lover gave to me

While on my ways to the Red Salt Sea

Dadaladoo...

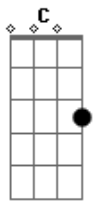

...etc...

And I lost my ways to my happy pen club
And ended up where I still can't say but
I lost my favorite pen on the way
And I lost my friend but that couldn't be
I lost the friend who sang with me
I lost my son but that couldn't be
I lost the son who sat on my knee
And I lost my friend but that couldn't be
I lost my man I let inside me
And I lost my friend that my love and I shared
While on my ways to the make believe cares
Dadaladoo...

And I lost the tunes that stuck to my ears
While on my ways to the make believe hears
And I saw Sapiena she sang to the sea
The only person left on the island was me
Dadaladoo...

And I love the man who took care of me
He owns the ship the Charles C. Leary
Yes I love the man who took care of me
He sails the world on the Charles C. Leary
