## **Devendra Banhart - May**

```
[Terceira Parte]
                         tom:
                                                          G
              Gb (forma dos acordes no tom de D )
                                                                          Α
                                                                             G
                                                                                   Α
Capostraste na 4ª casa
                                                          Far as the eye can see
                                                                                G A
Intro: G A G A
                                                          G
                                                                         Α
                                                          Wish I was a little more
[Primeira Parte]
                                                           G A G A
                                                          So far from me
                                                                        A
G
               A G A
                                                          G
                                                                                G A
                                                          Must be why I love you so
Far as the eye can see
G
             Α
                      G A
                                                          G
                                                                      Α
Wish I was a little more
                                                          Lost in no dream
G A G A
                                                          G
                                                                          Δ
So far from me
                                                         Of waiting, no year
G
                Α
                                                          G
                                                                        A G
                                                                               Α
                      G A
                                                          Center of the sun
Must be why I love you so
                                                                        A G A
                                                          G
G
            Α
Lost in no dream
                                                          So near, so near
                                                                      Α
                                                                             G A
G
                Α
                                                          G
                                                          How come? How come?
Of waiting, no year

                                                         I want you here
[Segunda Parte]
                                                          G
                                                                      Α
                                                         I want you here
G
                   AGA
                                                          G
                                                                      Α
In the land of the upsell
                                                          I want you here
        AGA
                                                          G
G
                                                                      Α
I, too, am desperate
                                                          I want you here
G
          AGA
                                                          G
                                                                      Α
Waiting this way
                                                         I want you here
G
                                                          G
All through twelve months of May
                                                          I want you here
G
           Α
                                                          G
                                                                      Α
So hard to find
                                                         I want you here
                A G A
G
                                                          G
                                                                      Α
Face of the earth
                                                         I want you here
G A G A
                                                          G
                                                                      Α
Easy to tell
                                                          I want you here
            AGA
