

## Dido - See You When You're 40

Tom: D
Intro: Bm

### Bm

I've driven round in circles for three hours it was bound to happen that I'd up at yours I temporarily forgot that there's better days to come I thought that I would give you just one more chance

### Em7

cos I want, tonight, what I've been waiting for Em7 D
but I found, tonight, what I'd been warned about

### Rm

you think you are complicated, deep mystery to all well it's taken me a while to see, you're not so special all energy no meaning, with a lot of words so paper thin that one real feeling could knock you down

# Em7 and I've seen, tonight, what I'd been warned about Em7

## **Acordes**

I'm gonna leave, tonight, before I change my mind

### Bm

so see you when you're 40, lost and all alone being comforted by strangers you'll never need to know not sad because you lost me but sad because you thought it was cool to be sad

### Rm

you think misery will make you stand out from the crowd well if you had walked past me today I wouldn't have picked you out I wouldn't have picked you out

Em7

now I've seen, tonight, how could I waste my time

Em7

and I'll be on my way and I won't be back

Em7

cos I've seen, tonight, what I've been warned about

Em7

you're just a boy, not a man, and I'm not coming back
