

# Dillard & Clark - Wall Around Your Heart

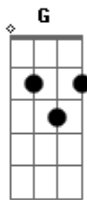

Tom: G

Intro: C Am F Dm C

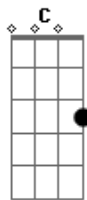

I once had a darling sweetheart, and I loved her so  
 Loved her more than I could ever let my poor heart show  
 She went away and left me, she found somebody else  
 Left me here in this old world to cry all to myself  
 Stone must be the wall built around your heart  
 I still love you darling, but the time has come to part  
 No more sorrow, no more pain can enter this heart of mine  
 Life isn't long in this old world, let the past stay behind  
 ( C Am F Dm C )

I know somewhere in this old world there is a girl for me  
 A girl who longs for wealth and fame, for love and sympathy  
 I don't know where she lives, maybe across the sea  
 But the walls of Jerico can't keep her away from me  
 Stone must be the wall built around your heart  
 I still love you darling, but the time has come to part  
 No more sorrow, no more pain can enter this heart of mine  
 Life isn't long in this old world, let the past stay behind  
 ( C Am F Dm C )  
 Life isn't long in this old world, let the past stay behind
