You're still a case, it's still the place
Weren't you invited?
It is what you can't spare
Whatever's left, just hide the rest
And bring it right in

(Am)

I know you're out there
I know that space is not a race
Weren't you invited?
It is what you can't spare
Whatever's left, just hide the rest
And bring it right in
Maintained inside
I have lost my range, feeling strange
Weren't you invited?
Just never try
It is still the place, you're still the case
Now bring it right in
