

Dionne Warwick - Only The Strong, Only The Brave

Tom: C

Bm7 Dbm Gm7 Am7
 I know that the road to love can be paved with tears
Bm7 G7
 Maybe I'm a fool to love you knowing life is cruel
 Only the strong, only the brave
Am7 Bm7
 Can survive all the heartaches that tear most people apart
Am7 Bm7

Can survive all the heartaches and still keep love alive

When you reach out for a star people pull you down
 Swear to be true is easy, but I'm telling you
 Only the strong, only the brave
 Will be loving each other each single step of the way
 Will be loving each other with all the fears of today

Our love is strong, our love is brave
 I know, I know our love will last
