

Dionne Warwick - Only The Strong, Only The Brave

Tom: **C**

Bm **Dbm** **Gm** **Am**
 I know that the road to love can be paved with tears
Bm **G7**
 Maybe I'm a fool to love you knowing life is cruel
 Only the strong, only the brave

Am **Bm**
 Can survive all the heartaches that tear most people apart
Am **Bm**

Can survive all the heartaches and still keep love alive

When you reach out for a star people pull you down
 Swear to be true is easy, but I'm telling you
 Only the strong, only the brave
 Will be loving each other each single step of the way
 Will be loving each other with all the fears of today

Our love is strong, our love is brave
 I know, I know our love will last
