Am Am F
C Well my mama she once told me set your sights and set them high

And while your demons they may follow, let your shadows sleep tonight

Am Am F C
And in the comfort of the setting sun don't hesitate to try and get

Am F C C
Carried away, carried away now

E F C G
Let's get carried away, carried away now o-oh

G
All your morning ghosts are waiting just to keep your fears at bay

Am F C G
Let's get carried away, carried away now o-oh o-oh oh

[Ponte]

Am Am F C
And I often find my comforts when I'm hurting for the line

Am Am F C
That'll separate this moment from a broken state of mind

Am Am F C
And this hell that I've been living all day and night

Am Am F C
I will bend the bars and break the locks until I feel alive

Am F C C
Let's get carried away, carried away now

Let's get carried away, carried away now o-oh
