Angel of mercy you'll come to no harm

**E** **D** **C**  
Angel of mercy, there's no need for alarm

**E** **D** **C**  
The knight in his armour wants a night in your arms

**D**  
You know he's honest

**C** **G** **D** **G**  
Angel of mercy, angel delight, give me my reward in heaven tonight

**C** **G**  
And if I give up my sword, won't you give me the right

**D**  
Sweet angel

Well now it's too late for talkin', we can talk later on  
Let the saxophone play us till the Chorus of dawn  
And I need is a little oblivion, you don't need protection  
Well now here come the moonlight down on your bed  
Angel of mercy let your heart rule your head  
I don't want your money, I want you instead  
Don't need rejection yeah

Angel of mercy, angel delight, give me my reward in heaven tonight  
And if I give up my sword, won't you give me the right  
Angel of mercy, give me heaven tonight

**D**  
Well, if you cross your heart

**G**  
And spit and swear upon the grave of your mother

**C** **D** **D**  
You gotta get into it, You gotta tell me that I'm more than a lower

(Solo over verse)

Yeah angel of mercy, angel delight  
A|-give me my reward in heaven tonight  
And if I give up my sword, won't you give me the right  
Angel of mercy, give me heaven tonight

(Solo over Chorus)

Yeah angel of mercy, angel delight  
A|-give me my reward in heaven tonight  
And if I give up my sword, won't you give me the right  
Angel of mercy, give me heaven tonight

Yeah angel of mercy, angel delight  
A|-give me my reward in heaven tonight  
And if I give up my sword, won't you give me the right  
Angel of mercy, give me heaven tonight
