verse 1

```
Bbm                          Ebm  Db
Never really felt bad about it
Bbm                   Bb2 Db Gb7
As we drank deep from a lie
Bbm              Ebm      Db
Cause I felt melting magnets babe
Bbm            Bb2      Ebm      Gb7
The second I saw you through half-shut eyes
```

Pre-Chorus

```
             Bbm
Smoke and sunset, off Mulholland
          Ebm              Db
He was talking, I was wondering 'bout
          Bbm            Bb2
You and that girl, she your girlfriend?
          Ebm      Gb7          Bbm
Face from heaven, bet the world she don't know
          Ebm          Db           Bbm Bb2
Pretty girls don't know the things that I know
          Ebm          Gb7
Walk my way, I'll share the things that she won't
```

tabrefrão

```
Bbm                 Ebm          Db

Say it to me, let's embrace the point of no return
            Ebm          Db
