

Dish Carpens - Spontaneously

tom:
Intro: **B** **Gb**
Don't do what you don't want to
Hang on, 'cause better times will come for you (come for you)
They will come for you (come for you)
Just wait to see
Don't go where you don't want to
Leave all!
It's time to make a change in your life (change your life)
A change in your life (change your life)
Let's slow it down!
B
There are some problems everywhere
The fact is that some people just don't care
B
But I can't live with all this mess

Our freedom's growing each day less and less
I'll tell you
The life I dreamed of is now lost
Humanity is charging a high cost
B
Shall we agree with fellow men
And learn to do the best that we all can?
So I ask you
Eb **Bb** **Gb**
Why can't we just get out!
Eb **Bb** **Gb**
Why can't we just get out!
