

# Divide Music - All That's Left

tom:

Intro: **Bbm** **Ab** **Db**  
**Bbm** **Ab** **Gb**

I think back to when we were young **Gb**  
**Bbm** **Ab** **Gb**  
Long before the end of what's to come

When I saw you fall **Bbm**  
**Gb** **Ab** **Bbm**  
My heart went cold

How could I be the one to stay? **Gb** **Ab** **Bbm**

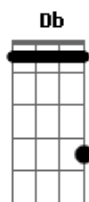

On my own, I ran out to deliver ends **Gb** **Ebadd9** **Bbm**  
**Ab**  
For those lost in the never **Gb** **Ebadd9** **Bbm** **Ab**  
I can't take back what was done to you **Gb** **Ebadd9**  
I went cold, but my eyes had a fever **Bbm** **Ab**  
Blood red, I'll make them believers **Gb** **Ebadd9** **Bbm** **Ab**  
I can't take back what was done to you

It took the wind out of my sails **Bbm** **Ab**  
**Bbm** **Gb** **F7**  
I was blinded by the one who knew me well

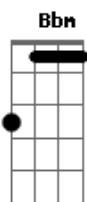

I watch behind illusion **Bbm**  
**Ab**  
Keep myself at bay **Gb**  
Fight for resolution **F** **F7**  
But they all ran away

When I saw you fall **Gb** **Ab** **Bbm**  
**Gb** **Ab** **Bbm**  
My heart went cold
