

Djalma Lucio Ayres - Troublesome

Tom: D

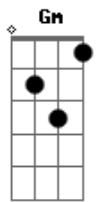

I don't wanna ^D another lullaby ^{Gm}
 And please don't try to see a dragon in my eyes because you won't ^C
 As I wonder what it's all about ^{Gm}
 I realize you're gonna get into my mind ^C
 You come and go ^D
 And I start losing track of time ^{Am}
 Now I beg you, get away from me ^{Ab7}
 With all this load in my head, what's gonna be? ^{Em} ^{A(#5)}
 I don't trust you and you can't stay here ^D ^{Gm}
 You know the drill, You're always looking for someone ^C
 You're so alone ^D
 I remember frightened all those years ^{Gm}
 Don't say I fear falling love once again ^C
 Watch your tone ^D
 I don't really know what you mean ^{Am}
 When you say the thing drives you mad ^{Ab7}
 ?Cause if there's someone mad now ^{Em}
 A(#5) ^D

That someone will be me
 In summertime you got no reason to remind to decide ^{Em}
 If you are here, if you are there, If you are gone ^{Em}
 One never knows, I can assure you ^D
 I've put aside all the songs I was to do to you ^A
 You know, I'm not your pawn ^D
 But now the winter is coming
 Doors are closed, no one around
 Where are the parties, the parades, where to go? ^{Em}
 The solitude is your companion into the night ^A
 Until you find your only shelter from the snow ^{A(#5)} ^D
 Oh, here we go again ^D
 The smell of lies, one can feel it here all around ^{Bm}
 No room for cheating, no one else is coming ^{Em}
 Cross your heart
 Again she saying ?you don't have to be so cruel ^A
 I wanna be with you?
 Until the other night I rang the bell trying to reach out ^D
 She was never home ^{Bm}
 She changed her number and defined me as troublesome ^{Em}
 All of a sudden we are here, all is good and she is in the mood ^A
