

# Djavan - Flor de Lis

tom:

Intro: C Fm C Fm

Valei-me, Deus! É o fim do nosso amor

Perdoa, por favor

Eu sei que o erro aconteceu

Mas não sei o que fez

Tudo mudar de vez

Onde foi que eu errei?

Eu só sei que amei, que amei

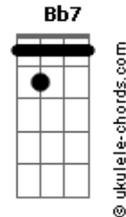

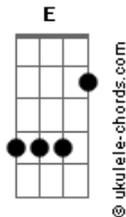

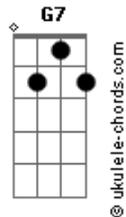

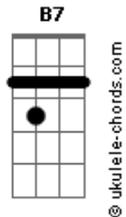

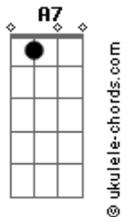

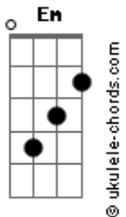

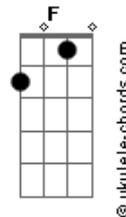

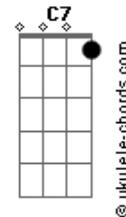

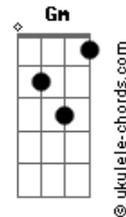

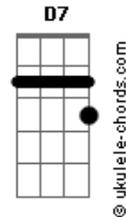

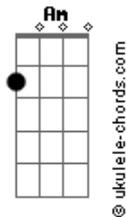

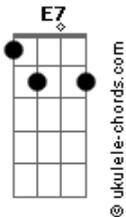

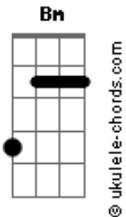

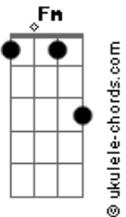

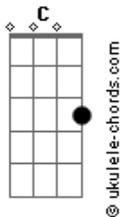

Que amei, que amei

Será talvez, que minha ilusão

Foi dar meu coração

Com toda força

## Acordes

Pra essa moça me fazer feliz

E o destino não quis

Me ver como raiz

De uma flor de lis

E foi assim que eu vi

Nosso amor na poeira, poeira

Morto na beleza fria de Maria

[Refrão]

E o meu jardim da vida

Ressecou, morreu

Do pé que brotou Maria

Nem margarida nasceu
