

Djo - Chateau Feel Alright

tom:
 Help, something's wrong with me
 Homesick for A
 In the summer of my life
 That's when we first met
 Through a friend
 Something about you makes me feel like I can
 Was it a dream or is it all in the past?
 I just thought I'd ask

[Chorus]
 So I turn back the time
 I'm at the chateau and I feel alright
 I turn back the time
 I'm at the chateau and I feel alright

[Verse 2]
 The roof in the rain
 It's true
 I could feel the pain
 Of my head, seeing stars

You said "Come to ours?"
 So I did
 It's a decision that I'm glad that I made
 I'm still uncertain that it happened at all
 I just can't recall

[Chorus]
 So I turn back the time
 I'm at the chateau and I feel alright
 I turn back the time
 I'm at the chateau and I feel alright

[Final]
 So I turn back the time
 I'm at the chateau and I feel alright
 I turn back the time
 I'm at the chateau and I feel
