

DMA's - Time & Money

tom:

[Primeira Parte]

Stop me, hold on
All in now, or you're on your own
And I've been waiting
For you, girl, now you're on your own

And it goes, and it goes

[Refrão]

Keep it coming
I've got time and money for the next life
But I'm here at night
Keep it coming
I've got time and money for the next life
But I'm here at night

[Segunda Parte]

Stop me, hold back
Sleeping out, and you're on your own
Watch you, girl, lead for
Seeking out as you hit the ground

And it goes, and it goes

[Refrão]

Keep it coming
I've got time and money for the next life
But I'm here at night
Keep it coming
I've got time and money for the next life
But I'm here at night

[Final]

Get up now, don't wanna hear this now
You have been the one, you have been the one for me
Light up now, don't wanna hear this now
You have been the one, oh, they know what I want
Get up now, don't wanna hear this now
You have been the one, you have been the one for me
Light up now, don't wanna hear this now
You have been the one, oh, they know what I want
Get up now, don't wanna hear this now
You have been the one, you have been the one for me
Light up now, don't wanna hear this now
You have been the one, oh, they know what I want
