We marching out brandishing arms upon
The wickedness battle goes on and on
We steady combattin from dawn to dawn my king had victory all
along
We focus attention from day unto day from my troubles and unto
the one that can save My
brethren cryin out charging the battle line lookin unto the
God worthy of praise and hey.
Runnin in the race till the day breaks and I'm throwin off
weight gotta make haste
Enemy can't stay gotta vacate when the great name been
proclaimed thus say the Lord And
I'm gonna fight it with a mighty mighty vigor gonna side it
with the undivided
Hot up in the battle in valley of the shadow of a gallow and
I'm runnin with a fella that I'm
honored just to follow
