

Donovan - Catch The Wind

Tom: ^D

In the ^D chilly hours

^G and ^D minutes, Of ^D uncertainty,

^G I want to be,

^D In the warm hold of your ^G loving ^{D A} mind.

^D To feel you all ^G around me,

^D And to take your hand, ^G along the sand,

^D Ah, but I may as well ^G try and ^A catch the ^D wind.

^D When sundown

^G pales the sky, I want ^D to hide a while,

^G behind your smile,

^D And everywhere

^G ^A ^D

I'd look, your eyes I'd find.

^D For me to love you now, ^G

^D Would be the sweetest thing, ^G 'twould make me sing,

^D Ah, but I may as well, ^G try and ^A catch the ^D wind.

^D When rain has

^G hung the leaves with tears,

^D I want you near,

^G to kill my fears

^D to help me to leave ^G all my ^A blues ^D behind.

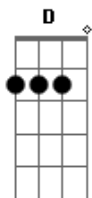

^D For standin' in your heart, ^G

^D Is where I want to be,

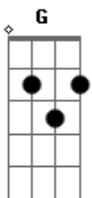

^G and I long to be,

^D Ah, but I may as well, ^G try and ^A catch the ^D wind.
