

Dot Hacker - Inhibition

Tom: F

Shown often not
The defences round your heart
Anyone trying to climb
Will fall from high
So you blow off the stars
Cause they won't shine
Quite where you want
Everyone will look at another sky for you
Inhibition
Inhibition
Everyone will still adore you

And you show off your scar
And you describe, And you describe the size of the shark
Everyone is dying to lend you a hand
Inhibition
We'll help you if we can
Everyone will still adore you
Ponte 8x: Dm F E
And no one...
Everyone will still adore...
Everyone will still adore...
Everyone will still adore... you.
