

Double You - Run To Me

tom:

Bbm

You gotta run to me

Uuh can't you see

You gotta run to me

I always thought you were my

Friend

I never knew that this could end

I'm still thinking about you

Now and it's hard to find your way

I never wanted to let you go

You gotta run to me

Uuh can't you see

You gotta run to me

Gb Ab

Uuh can't you see

You gotta run to me

I never needed anyone but you

Once again just let me be

Your precious Baby

So there she goes my girl

She's playing like a fool

But now we have to say goodbye

You gotta run to me

Uuh can't you see

You gotta run to me

Uuh can't you see

You gotta run to me

Acordes
