

Double You - We All Need Love

Tom: A

We all need love, we all need love

We all need love, I swear it's true

All God's children, me and you.

We all need love, I swear it's true

All God's children, me and you.

A B Abm Dbm (4x)
We all need love (...)

I was just a lonely man, with my suitcase in my hand.

Part of a travelling band, on the road (girl, I was always away from you).

I never needed anyone, and my music, it was my fun.

And I woke up late in life, to regret it, oh!

|REFRÃO|

We all need love, I swear it's true

All God's children, me and you.

We all need love, I swear it's true

All God's children, me and you.

All God's children, me and you.

Brother, brother reach out your hand

Sister stand up by your man

And let them know that you understand,

You really need him (I've always needed you, yes it's true).

And the sun will shine on you,

Help your love to pull on through.

A life's a precious gift, my friend,

Don't waste it away now, oh!

REFRÃO

A B (4x)
We all need love (4x)

There's no greater thing in life to please you

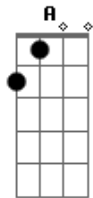

In another round, so you better not waste it.

There's no stronger force in life, that's true

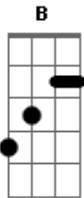

So reach out (reach out), take a little love.
