**B** **Db D B**  
There's a story in your eyes  
**Gb G B**  
I can see the hurt behind your smile  
**Db D B**  
For every sign I recognize  
**Gb G**  
Another one escapes me  
**B Db D B**  
Let me know what plagues your mind  
**Gb G B**  
Let me be the one to know you best  
**Db D B**  
Be the one to hold you up  
**Gb G**  
When you feel like you're sinking  
**G Gb**  
Tell me once again  
**Bm B**  
What's beneath the pain you're feeling  
**G Gb**  
Don't abandon me  
**D A**  
Or think you can't be saved  
CHORUS:  
**D Bm7**  
I walk beside you  
**Bm**  
Wherever you are  
**G**  
Whatever it takes  
**D**  
No matter how far  
**Bm7**  
Through all that may come  
**Bm**  
And all that may go  
**G**  
I walk beside you  
**B**  
I walk beside you

( **B Db D** ) | 2x

**B** **Db D B**  
Summon up your ghost for me  
**Gb G B**  
Rest your tired thoughts upon my hands  
**Db D B**  
Step inside this sacred place  
**Gb G**  
When all your dreams seem broken  
**B Db D B**  
Let's remain inside this temple  
**Gb G B**

Let me be the one who understands  
**Db D B**  
Be the one to carry you  
**Gb G**  
When you can walk no further  
**G Gb**  
Tell me once again  
**Bm B**  
What's below the surface bleeding  
**G Gb**  
If you've lost your way  
**D A**  
I will take you in  
CHORUS:

I walk beside you

Wherever you are

I walk beside you

I walk beside you
