

# Dropkick Murphys - Bastards On Parade

Tom: **B**  
Intro: **B E Gb Abm**

**B** **E**  
I've lost all the time that I have in this world  
**B** **Gb**  
I spent it unwisely. Unwisely you see  
**B**  
And I can't get it back  
**E**  
And I can't move forward  
**B**  
I'm broken and I'm empty  
**Gb** **B**  
It's over for me

**E** **B**  
If I could undo all the wrongs that I've caused  
**E** **Gb**  
Fall to my knees pray for swiftness and just  
**B**  
For I'm just a fool  
**E**  
A fool driven to dust  
**B** **Gb** **B**  
And the world ain't gonna change for me

**E** **B**  
So give me one more chance to prove these problems and  
frustrations  
**E** **Gb**  
aren't just manifest in memories we're destined to repeat  
**B** **E**  
A second chance to prove I know right from wrong  
**B** **Gb** **B**  
I swear I'll do things different but can't promise to be  
strong

**E** **B**  
So come on all you losers, you bastards and cheats  
**Abm** **Gb**  
Vagrants and barflies down on the streets  
**B** **E**  
Follow this path to salvation vindication awaits

**B** **Gb** **B**  
We're marching on East Broadway streets tonight

**B** **E**  
If you can look into this old face and try to see the young  
man

**B** **Gb**  
I swear I once was pretty, not the monster you now see

**B**  
But I squandered all my chances

**E**  
Lost my faith and took for granted

**B** **Gb** **B**  
This life and precious one chance the whirlwind I'll reap

**E** **B**  
If I could undo all the wrongs that I've caused

**E** **Gb**  
Fall to my knees pray for swiftness and just

**B**  
For I'm just a fool

**E**  
A fool driven to dust

**B** **Gb** **B**  
And the world ain't gonna change for me

**E** **B**
