

Dua Lipa - Anything For Love

tom:
 And I'm not interested in a love that gives up so easily
 I want a love that's set on keeping me
 When it hurts, we don't even think to cut it off
 And I'm not interested in a heart that doesn't beat for me
 I want a mind that meets me equally
 When it's hard, it won't ever feel lik? it's too much
 [Pré-Refrão]

Remember wh?n
 We used to do anything for love?
 [Refrão]

We're all so scared of forever
 And no one promises always
 We're not perfect together
 That means we gotta part ways
 Remember when

Acordes

We used to do anything for love? (Mm-hm)

[Segunda Parte]

We're all terrified of heartbreak
 Run at first signs of problems
 Make it look way too easy
 We've all got too many options

[Pré-Refrão]

Remember when (Remember when)
 We used to do anything for love? (Anything for love)
 [Refrão]

But I'm not interested in a love that gives up so easily
 I want a love that's set on keeping me
 When it hurts, we don't even think to cut it off
 Remember when (Remember when)
 We used to do anything for love? (Mm-hm)
