Tom: **Eb**  
Intro: **Ab Fm Cm Bb**

All of these highs **Ab**  
And all of these lows **Fm**  
Don't keep me company **Cm Bb**  
I've been breathing you in **Ab**  
And drinking you down **Fm**  
You're the only remedy **Cm Bb**

Say you're gonna hold my head up **Ab Fm**  
Say you're gonna break my fall **Cm Bb**  
Say you're gonna stay forever **Ab Fm**  
Baby, this is all I want **Cm Bb**

'Cause all my bones **Ab Fm Cm**  
Are begging me to beg for you **Bb**  
Begging me to beg for your love **Cm**  
Oh, my lungs **Ab Fm Cm**

Are begging me to beg for you **Bb**  
Begging me to beg for your love **Cm**  
Swear I'm gonna hold your head up **Ab Fm**  
Swear I'm gonna break your fall **Cm Bb**  
Swear we're gonna last forever **Ab Fm**  
Baby, this is all I want **Cm Bb**  
'Cause all my bones **Ab Fm**  
Are begging me to beg for you **Cm**  
Begging me to beg for your love **Bb**

Losing my mind **Ab**  
Dreaming I'll find **Fm**  
Another kind of love **Cm**  
But this blood in my veins **Ab**  
And the thought of your taste **Fm**  
No, I can't give it up **Cm Bb**  
So look at my face **Ab**

I'm not running away **Fm**  
'Cause all my bones **Ab Fm Cm**  
Are begging me to beg for you **Bb**  
Begging me to beg for your love **Ab**  
Oh, my lungs **Ab Fm Cm**  
Are begging me to beg for you **Bb**  
Begging me to beg for your love **Ab**  
Swear I'm gonna hold your head up **Ab Fm**  
Swear I'm gonna break your fall **Cm Bb**
