tom:
 Capostrate na 3ª casa (Bb (forma dos acordes no tom de G)

Hey Em D Em D

[Primeira Parte]

Em Yeah, let's get to the point here
 D You love to disappoint me, don't ya?
 Em You tell me what I want
 D But ain't no follow through
 You don't follow through, no
 Em But if you only knew me
 D The way you know my body baby
 Em Then I think maybe we could probably see this, true
 We can make it through, but
 [Pré-Refrão]

Em I've been thinking it'd be better
 D If we didn't know each other
 Em Then you go and make me feel okay
 Em Got me thinking it'd be better
 D If we didn't stay together
 Em Then you put your hands upon my waist
 [Refrão]

Em I know it's really bad bad bad bad bad
 D Messing with my head head head head head
 Em We drive each other mad mad mad mad mad
 D But baby that's what makes us good in bed
 Em Ple-e-e-e-ease, come take it out of me me me me me
 Em I know it's really bad bad bad bad
 D But baby that's what makes us good in bed
 Em It's bad
 D We drive each other mad
 Em It might be kind of sad
 D But I think that's what makes us good in bed
 [Segunda Parte]

Em I dedicate this verse to
 D All that good pipe in the moonlight
 Em And the long nights where we did everything but talk it through
 D That's what we do yeah

Em You always let me down boy
 D But when you're going down I get so up Em
 D Don't know if I could find someone who do me like you do
 [Pré-Refrão]

Em I've been thinking it'd be better
