

# Duffy - Distant Dreamer

tom:

Although you think I cope  
My head is filled with hope  
Of some place other than here

Although you think I smile  
Inside, all the while  
I'm wondering about my destiny

I'm thinking about  
All the things  
I'd like to do  
In my life

I'm a dreamer  
A distant dreamer  
Dreaming for hope  
From today

Even when you see me frown  
My heart won't let me down  
Because I know  
There's better things to come  
Oh, yeah

And when life gets tough  
I feel I've had enough  
I hold on to a distant star

I'm thinking about  
All the things  
I'd like to do  
In my life

I'm a dreamer  
A distant dreamer  
Dreaming for hope  
From today

Yeah, I'm a dreamer  
A distant dreamer  
Dreaming for hope  
From today

Yeah, I'm a dreamer  
I'm a dreamer
