Tom: **G**  
Intro: **C Cm G Bm**  
**C Cm**

**G Bm**  
All the casualties that I've left behind  
**C Eb**  
And I, and I hide them in the corners of my mind  
**G Bm**  
All the memories, nothing are the same  
**C Eb**  
I've learned so many things, but the bitterness remains  
**G Bm C Eb**  
I'm sick of drying everybody else's tears, with nobody to dry mine

Refrão:  
**G Bm**  
Don't, don't forsake me.  
**C D**  
Why do you break me every time?  
**G Bm**  
I'm asking you, don't, don't forsake me.  
**C D**

Why do you break me? Again and again  
**D**  
I can't make it alone

( **G Bm C Eb** )

All the judges and all the disarray  
You keep on trying me, but you're only pushing me away.  
I don't want you to go, but I can't tell you're here.  
You're just another soul that I'm making disappear

I'm sick of drying everybody else's tears, with nobody to dry mine

Don't, don't forsake me.  
Why do you break me everytime?  
I'm asking you, don't, don't forsake me.  
Why must you break me again and again?  
I can't make it alone

I'm sick of drying everybody else's tears, with nobody to dry mine.
