

# Eagle-Eye Cherry - Worried Eyes

Tom: G

( D G D G ) 2X

I've tried so hard to remember what it is that I forgot

But I can, but I can believe.....will you now

I've tried, I've tried, I've tried

Cried and kissed goodbye

To something that we both know

Boy you blow my mind

I don't know how I'm going to

Show you what I feel for you

All I know

All I know is I ...

Want to be with you

( D Em D G )

Have you ever tried to be

Have you ever tried to see

Something but you don't really know what it is

Lord but we got to try

I look at you

I hear your voice

I try to remember.....I try to remember

So don't you look at me with worried eyes

'Cause you know we got to try girl

All I know

All I know is I ....

Want to be with you ... (3X)

Hmm Hmmm

( D Em D G ) 2X

Here I am and I believe

Yes I do.....what do, what I do for you, ohh

I look at you

I hear your voice

I try to remember.....I try to remember

So don't you look at me with worried eyes

'Cause you know we got to try girl

All I know

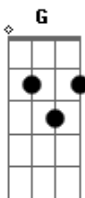

All I know is I ....

Want to be with you ... (3X)

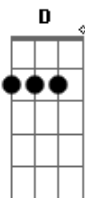

Hmm Hmmm

( D Em D G ) 4X
