

# Ed Sheeran - A Little More

tom:  
Bb (forma dos acordes no tom de G )  
Capostrate na 3ª casa

[Primeira Parte]

G7M You think I was born to ruin your life Am7  
But you did most of that before I arrived G7M  
Some things are broken when you open a box Am7  
Stop it, you've gone too far, enough is enough G7M

[Pré-Refrão]

I wish I didn't care this much but I do  
Am7 No one knows the half of it what you put me through  
G7M And I, I sometimes wonder - Do you live with regret?  
Am7 Wish I could say I wish you the best 'cause

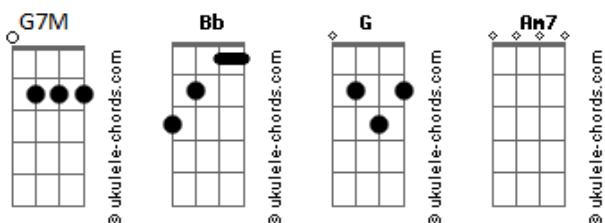

[Refrão]

G7M I used to love you  
Am7 Now, every day I hate you just a little more  
G7M Life got better when I lost you  
Am7 But every day I hate you just a little more and more and more  
G7M Blame it on your history and say it's not your fault  
Am7 I can't call you crazy 'cause you could be diagnosed  
G7M Oh, I used to love you  
Am7 But, every day I hate you just a little more and more and more

[Segunda Parte]

G7M I wish that you would look in the mirror 'cause if you did  
Am7 You'd see the problem is you 'cause you're a prick  
Am7 I know that I'm your scapegoat, whenever the rain falls  
G7M Whenever you slip or when you're in a dip  
Am7 I was there to lean on when I was a kid  
But now that I'm an adult I see it for what it is  
Am7 I have to lock the door now, fuck under the bridge  
Take all your apologies and put 'em in a bin  
G7M For your dad's sake, please move out your dad's place

## Acordes

Am7 Stop bringing drama there with your mates  
Your sister's got enough to manage on her plate  
G7M To worry 'bout you controlling your rage

[Pré-Refrão]

Am7 And one day we'll all be dead  
Am7 But between now and then  
I never want to see you again
