It's just another night

As the sky__line splits in two

I'm miles away from seeing you

I can see the stars
Abm7 Gb4 E
From Ame__rica
B Gb11
I wonder, do you see them, too

Refrão:

B
So open your eyes and see
Gb11
The way our horizons meet

And all of the lights will lead

Into the night with me

And I know these scars will bleed
Gb11
But both of our hearts believe
Abm7 E B Gb11 B
All of these stars will guide us home

You were ly__ing next to me

Back through lamp lit streets I knew

Over Ams__ter__dam

Is Beating to
