Ed Sheeran - Friends

Tom: E Dbm So I could take the back road We're not Α E. But your eyes will lead me straight back home Α No we're not friends nor have we ever been E В And if you know me like I know you Dbm We just try to keep those secrets in a lie B You should love me, you should know And if they find out, will it all go wrong В Α Gbm That friends just sleep in another bed And heaven knows, no one wants it to A B E And friends don't treat me like you do Dbm So I could take the back road Dbm Α But your eyes will lead me straight back home A B F But my friends won't love me like you Α E And if you know me like I know you Α В No my friends won't love me like you B You should love me, you should know But then again, if we're not friends F Gbm That friends just sleep in another bed Dbm В Someone else might love you, too And friends don't treat me like you do And then again, if we're not friends Dbm A Well I know that there's a limit to everything Dbm There'd be nothing I could do A B F But my friends won't love me like you No my friends won't love me like you B Α And friends shouldn't kiss me like you do F We're not friends we could be anything Dbm B Dbm If we try to keep those secrets safe But my friends won't love me like you Α F No one will find out if it all went wrong A B No my friends won't love me like you do B A They'll never know what we've been through В Α

Acordes

Well I know that there's a limit to everything And that's why friends should sleep in other beds And I know that there's a limit to everything A B E

No my friends will never love me like you
