Ed Sheeran - Happier

Tom: C
Intro:

[Verse 1]
```
Am          F            C
   Walking down 29th and Park
Am          F            C
   I saw you in another?s arms
Am          F              C
   Only a month we?ve been apart
              Am      F  C
   You look happier
```

```
Am          F              C
   Saw you walk inside a bar
Am            F                      C
   He said something to make you laugh
Am              F                   C
   I saw that both your smiles were twice as wide as ours
                        Am      F      C
   Yeah you look happier, you do
```

[Pre-Chorus 1]
```
Am          F             C          C
Ain?t nobody hurt you like I hurt you
Am              F           C  C
There ain?t nobody love you like I do
Am          F              C            C
Promise that I will not take it personal, baby
Am              F              C
If you?re moving on with someone new
```

[Chorus 1]
```
                     Am      F      C
Cause baby you look happier, you do
                       Am      F           C
My friends told me one day I?ll feel it too
                     Am      F         C
And until then I?ll smile to hide the truth
                   Am      F       C
That I know I was happier with you    (hey-ya, hey-yeah hey-
yeah)
```

[Verse 2]
```
Am           F                   C
   Sat in the corner of the room
Am            F               C
   Everything?s reminding me of you
```

```
Am              F         C
   Nursing an empty bottle and telling myself
       Am      F              C
   You?re happier aren?t you?    (hey-ya, hey-yeah hey-yeah)
```

[Pre-Chorus 2]
```
          Am              F            C               C
Well ain?t nobody hurt you like I hurt you (hey-ya, hey-yeah
hey-yeah)
            Am              F           C            C
There ain?t nobody need you like I do (hey-ya, hey-yeah hey-
yeah)
Am                  F             C                 C
I know that there?s others that deserve you (hey-ya, hey-yeah
hey-yeah)
                  Am           F              C
But my darling, I am still in love with you
```

[Chorus 2]
```
                       Am      F      C
But I guess you look happier, you do
                       Am      F           C
My friends told me one day I?ll feel it too
                    Am      F          C
I could try to smile and hide the truth
                     Am      F      C
But I know I was happier with you
```

[Interlude]
```
                               Am      F            C
Hey-ya, hey-yeah hey-yeah, ahh-ahh ahh, ahh, ahh-ahh-ahh
                               Am      F    C
Hey-ya, hey-yeah hey-yeah, ahh-ahh ahh, ahh, ahh
                               Am      F            C
Hey-ya, hey-yeah hey-yeah, ahh-ahh ahh, ahh, ahh-ahh-ahh
                               Am      F    C
Hey-ya, hey-yeah hey-yeah, ahh-ahh ahh, ahh, ahh
```
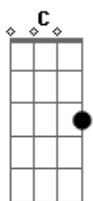

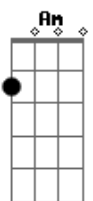

[Outro]
(G = x2003x)
```
                     Am      F      C
Cause baby you look happier, you do
              C       Am      F           C
I knew one day you?d fall for someone new
           G         Am      F         C
But if he breaks your heart like lovers do
              C       Am      F          C
Just know that I?ll be waiting here for you
