

# Ed Sheeran - Hearts Don't Break Around Here

Tom: G

G D  
She is the sweetest thing that I know  
Em C G  
Should see the way she holds me when the lights go low  
D Em C  
Shakes my soul like a pothole every time  
G D Em  
Took my heart upon a one way trip  
C G  
Guess she went wandering off with it  
D  
None like most women I know  
Em C  
This one will bring it back whole

[  
C G D Em  
Daisies, daisies perched upon your forehead  
C G D  
Oh my baby, lately I know

G D Em  
That every night I'll kiss you, you'll say in my ear  
C G  
Oh we're in love, aren't we?  
D Em  
Hands in your hair  
C G  
Fingers and thumbs, baby  
D Em  
I feel safe when you're holding me near  
C G  
Love the way that you conquer your fear  
D C  
You know hearts don't break around here  
G D Em  
Oh yeah, yeah, yeah  
C G D Em C  
Yeah-yeah, yeah-yeah

G D  
She is the river flowin' nowhere  
Em C  
And tin wind chimes used for doorbells  
G D Em C  
Fields and trees and her smell fill my lungs  
G D  
Spend my summertime beside her  
Em C  
And the rest of the year the same  
G D  
She is the flint that sparks the lighter  
Em C  
And the fuel that will hold the flame, oh

C G D Em  
Roses, roses laid upon your bed spread, oh my  
C G D  
All this, all this I know

G D Em  
That every night I'll kiss you, you'll say in my ear  
C G  
Oh we're in love, aren't we?  
D Em  
Hands in your hair  
C G  
Fingers and thumbs, baby  
D Em

Love the way that you conquer your fear  
Em D C  
You know hearts don't break around here  
Oh yeah, yeah, yeah

C G D  
Well, I've found love inside  
Em D C  
The arms of the woman I know  
C G D  
She is the lighthouse in the night  
Em D C  
That will safely guide me home  
C G D  
And I'm not scared of passing over  
Em D C  
Or the thought of growing old  
D  
?Cause from now until I go

G D Em  
That every night I'll kiss you, you'll say in my ear  
C D G  
Oh we're in love, aren't we?  
D Em  
Hands in your hair  
C D G  
Fingers and thumbs, baby
