

# Ed Sheeran - Homeless

Tom: A

Could I wake up next to you  
 When we're hitting double figures  
 Look into your eyes  
 Like I'm looking into double mirrors  
 Could you make it any clearer  
 Everything's such a blur  
 It's not my turn  
 It's hers to get hurt  
 On a late night  
 Coming home from way too many train rides  
 Lace not as red as my face  
 I'm home at the same time  
 Highbury estate's fine  
 Smoking like a dragon, but don't chase lines,  
 He-ey.

I haven't slept for the past week  
 Two hours ain't enough for me  
 I feel inspired, at quarter to three am  
 I haven't changed since our last meet  
 I'm still getting all my meals for free  
 Think I'm being shunned by my feet again

It's not a homeless life for me  
 It's just I'm home less than I'd like to be  
 It's not a homeless life for me  
 It's just I'm home less than I'd like to be  
 It's not a homeless life for me  
 It's just I'm home less than I'd like to be  
 It's not a homeless life for me, yeah

And now I'm sitting on a night bus  
 Flicking through my iPod  
 Feeling kinda tired  
 So I try to close my eyes up  
 Driver, turn the lights off  
 Lights on, on stage, mic's on

Song plays, nice one  
 Gotta keep my hype strong  
 Truth be, never went to Uni  
 People see right through me  
 but I'm not a fool, see  
 I'm never gonna do one  
 Gonna live past 22, done  
 Everything I need to  
 Except get a 2:1  
 I haven't slept for the past week  
 Two hours ain't enough for me  
 I feel inspired, at quarter to three am  
 I haven't changed since our last meet  
 I'm still getting all my meals for free  
 Think I'm being shunned by my feet again

It's not a homeless life for me  
 It's just I'm home less than I'd like to be  
 It's not a homeless life for me  
 It's just I'm home less than I'd like to be  
 It's not a homeless life for me  
 It's just I'm home less than I'd like to be  
 It's not a homeless life for me, yeah

When I feel cold  
 You keep me warm  
 And I'm not looking for some loose change  
 Just wanna find a true mate  
 Who wants to be my duvet

It's not a homeless life for me  
 It's just I'm home less than I'd like to be  
 It's not a homeless life for me  
 It's just I'm home less than I'd like to be  
 It's not a homeless life for me  
 It's just I'm home less than I'd like to be  
 It's not a homeless life for me, yeah

Oh, oh.
