

Ed Sheeran - Homeless

Tom: A

Could I wake up next to you
 When we're hitting double figures
 Look into your eyes
 Like I'm looking into double mirrors
 Could you make it any clearer
 Everything's such a blur
 It's not my turn
 It's hers to get hurt
 On a late night
 Coming home from way too many train rides
 Lace not as red as my face
 I'm home at the same time
 Highbury estate's fine
 Smoking like a dragon, but don't chase lines,
 He-ey.

I haven't slept for the past week
 Two hours ain't enough for me
 I feel inspired, at quarter to three am
 I haven't changed since our last meet
 I'm still getting all my meals for free
 Think I'm being shunned by my feet again

It's not a homeless life for me
 It's just I'm home less than I'd like to be
 It's not a homeless life for me
 It's just I'm home less than I'd like to be
 It's not a homeless life for me
 It's just I'm home less than I'd like to be
 It's not a homeless life for me, yeah

And now I'm sitting on a night bus
 Flicking through my iPod
 Feeling kinda tired
 So I try to close my eyes up
 Driver, turn the lights off
 Lights on, on stage, mic's on

Song plays, nice one
 Gotta keep my hype strong
 Truth be, never went to Uni
 People see right through me
 but I'm not a fool, see
 I'm never gonna do one
 Gonna live past 22, done
 Everything I need to
 Except get a 2:1
 I haven't slept for the past week
 Two hours ain't enough for me
 I feel inspired, at quarter to three am
 I haven't changed since our last meet
 I'm still getting all my meals for free
 Think I'm being shunned by my feet again

It's not a homeless life for me
 It's just I'm home less than I'd like to be
 It's not a homeless life for me
 It's just I'm home less than I'd like to be
 It's not a homeless life for me
 It's just I'm home less than I'd like to be
 It's not a homeless life for me, yeah

When I feel cold
 You keep me warm
 And I'm not looking for some loose change
 Just wanna find a true mate
 Who wants to be my duvet

It's not a homeless life for me
 It's just I'm home less than I'd like to be
 It's not a homeless life for me
 It's just I'm home less than I'd like to be
 It's not a homeless life for me
 It's just I'm home less than I'd like to be
 It's not a homeless life for me, yeah

Oh, oh.
