

Ed Sheeran - Im A Mess

tom: Am

Ooh I'm a mess right now G

Inside out C

Searching for a sweet surrender F

But this is not the end C

I can't work it out Am

How? G

Going through the motions C

Going through us F

[Pre-Hook]

And oh I've known it for the longest time F

And all of my hopes all my words G

Are all over written on the signs C

But you're on my road walking me home F

Home, home

[Hook]

Am See the flames inside my eyes G

It burns so bright I wanna feel your love, nooo F

Easy baby maybe I'm a liar G

But for tonight I wanna fall in love F

And put your faith in my-y stomach Dm

[Verse 2]

I messed up this time Am

Late last night G

Drinking to suppress devotion C

With fingers intertwined F

I can't shake this feeling Am

No-ow G

We're going through the motions C

Hopin' you'd stop F

[Pre-Hook 2]

And oh I've only caused you pain F

I know but all of my words F

Will always below

Although all the lie we spoke C

When you're on my road walking me home G

Home, home, home F

[Hook]

Am See the flames inside my eyes G

It burns so bright I wanna feel your love, nooo F

Easy baby maybe I'm a liar G

But for tonight I wanna fall in love F

And put your faith in my-y stomach Dm
